Calling all young people! Do you have an idea that you'd like to get off the ground? An issue you want to tackle that's meaningful to your community?

The Arctic Inspiration Prize is accepting nominations until October 12. Up to seven teams will win up to 100,000 dollars in the Youth category for teams with members 30 years of age and younger. Over the past 10 years the AIP has helped 49 Laureate teams' dreams come true as they bring their projects to life. The next project to win could be yours!
